MAIL STOP PETITION
Commissioner for Patents

Petition to Make Special Because of Actual Infringement

This Petition, with supporting declaration of a Statement of Facts by the inventor (attached), and a Statement by Attorney of Record in Support of Petition to Make Special Because of Actual Infringement, is submitted in accordance with 37 C.F.R. §1.102 and MPEP §708.02 in addition to the enclosed Petition Fee pursuant to 37 C.F.R. §1.17(i).

The application has not received any examination by the Examiner to date. The applicant's attorney has reviewed all pending claims in the case and it is his opinion that all claims in the case are directed to a single invention. If the Office determines that all of the claims presented are not obviously directed to a single invention, then the applicant will make an election without traverse as a prerequisite to this grant of special status.

The applicant's attorney has made a search of all full-text searchable records in the United States Patent & Trademark Office website as well as providing information to the Office in the form of an Information Disclosure Statement which identifies all prior art made known to the applicant as of the date of filing.

The fee required by 37 C.F.R. §1.17(I) of \$130.00 is attached in a check.

The Patent Office is authorized to charge any additional fees to deposit account no. 50-0983 or in the event that any refund is due, to credit the same.

Statement in Support of Petition to Make Special Because of Actual Infringement

I, *Louis F. Wagner*, am the practitioner in this case and make the following statements and hereby declare the following in accordance with MPEP §708.02:

1. *That* I have made a rigid comparison of the allegedly portable infrared heater product purchased by John DuRoss as illustrated in the figures shown below which he has represented to me that he purchased on October 11, 2003 with the claims of the pending application serial no.10/605,486.

2. *That* I reviewed the disassembled heater product shown above and determined that it was essentially an exact duplicate of the product that is shown in the Figures of the pending patent application.
3. *That* in my opinion, independent claims 1, 32, 55, 103, and 131 on file in this application are unquestionably infringed.

4. *That* I have made a search of the pertinent prior art.
5. *That* all such prior art material has been provided to the Examiner in the form of an Information Disclosure Statement filed in the instant case.
6. *That* I believe that all claims in this application as on file are allowable.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
